

# HELLO

MY NAME IS ROGUE AND I'M HERE TO MAKE YOUR LIFE EASIER.

IF YOU'RE MORE OF A DETAIL-ORIENTED PERSON, OPEN MY MANUAL. YOU'LL FIND THE LENGTHY DETAILS IN THERE. HOWEVER, IF YOU'RE IMPATIENT (LIKE ME) AND WANT TO BEGIN CLEANING, [THIS IS A PERFECT PLACE TO START.](#)

Please ensure you read the important safety information in the manual.

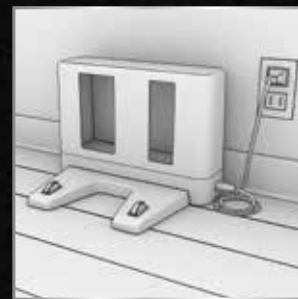

## GO ROGUE AND CLEAN DIFFERENTLY.

## MISSION SET-UP

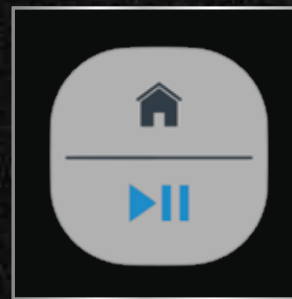

1. Find a home for my base and plug it into the wall outlet (I prefer 4 ft. on each side).

2. To power me ON, open my lid and flip the power switch.

3. Place me on my base. My charging light will begin to flash and I will beep.

4. Press the ►|| button, so I can begin my cleaning mission.

### FIRST CLEANING MISSION TIPS

- During my first mission, I will go into Recon Mode and explore my new surroundings before cleaning. Once I'm done with my Recon and mapping, I will head back to base.
- Explore the Hoover Home App to see your floor plan or press ►|| to send me out on a mission to clean your mapped home.
- I arrive with limited battery life (traveling can be exhausting). To get the most out of my first clean, I recommend charging me for approximately 3 hours.
- To guarantee that I've arrived loaded with the latest and greatest tech, I recommend downloading the Hoover Home App to ensure I'm up-to-date with the latest firmware.

## FEATURE INTEL

### ROBART® TECHNOLOGY WITH MEMORY NAVIGATION

I use a high-tech laser to navigate and remember your floorplan because I'm highly intelligent.

### VOICE CONTROL

I'm compatible with Amazon Alexa\* and Google Home Assistant\* so you can give me vocal commands because I'm a good listener.

### DIRT DETECTION

When I detect excessive dirt, I will slow down over that area to maximize cleaning.

### WI-FI CONNECTED

Download the Hoover Home App, to access me from anywhere since I know you can't stand to be away from me.

### SMARTWALL™ TECHNOLOGY

Through the Hoover Home App, you can mark rooms and areas as off limits but I don't know why you would want to.

### DIRT CUP FULL

This indicator light will illuminate to let you know that my dirt cup is at capacity. The Hoover Home App will also provide an alert to empty the contents.

\*Amazon Alexa and Google Home Assistant sold separately.

## THE HOOVER HOME APP

- Utilize SmartWall™ Technology to create barriers and boundaries
- Connect to your Amazon Alexa\* or Google Home\* products
- View your floorplan and see where I've cleaned
- Allows you to easily create a schedule by day, time and room
- Start, stop and control me right from your device
- Access support materials if I'm in trouble
- Stay up-to-date on the latest firmware to ensure I'm operating at my best

3. Open the Hoover Home App and create an account

4. After you create your account, press "Add Device"

5. Swipe until you reach ROBOT VACUUMS, then press "Select"

6. Scroll until you find your model and then follow the guided on-screen set up

\*Amazon Alexa and Google Home Assistant sold separately.
